MEMORANDUM FOR: Critical Intelligence Problems Committee

FROM:

Executive Secretary

SUBJECT:

Critical Intelligence Needs

REFERENCE:

Memorandum to Members (DCI/ICS 83-3914), 5 December 1983,  
Subject as Above

1. Thank you for your responses to referenced request.

2. In an effort to present the recommended critical intelligence needs in a comprehensive manner, we have displayed them in two different forms. At Attachment A is a summarized listing of the recommendations by agency. Attachment B, however, consolidates the proposed critical intelligence needs on a target/topic basis.

3. The two attachments have been provided to the DCI. In an effort to fulfill his requirement, the critical intelligence needs package will be discussed at the 23 April Committee meeting. The primary objective will be to identify and prioritize the most significant critical intelligence needs, and provide the DCI with specific recommendations for addressing them. Additionally, we should consider alternative methods for addressing those recommendations that are considered not germane for CIPC consideration, i.e., defer certain recommendations to other organizations or committees for action.

THIS MEMORANDUM MAY BE REGRADED  
TO CONFIDENTIAL UPON REMOVAL OF  
CAVEATS AND ATTACHMENTS.
